## Kia ora, greetings to you.

If you have done **Dance with me in the Heart • 1** and you are interested in deepening in the Culture of Kindness in your work with children, Kimberley and I invite you to join us on this course of discovery.

We have planned four days where we look at how this respectful way of being works with the child beyond the first year.

Kimberley and her team have been implementing the Culture of Kindness with 3-6 year olds. This way of working, differing as it does from "the usual", has brought up some very exciting discoveries and points to ponder.

We would love it if you could join us to discover and ponder,

sincerely,  
**Pennie and Kimberley**
