

# Heart Dancing for Facilitators of Parent-Toddler Courses

## Who can attend these classes?

You need to have attended

- Dance with me in the Heart • Level One
- Dance with me in the Heart • Level Two
- Heart Dancing for Facilitators of Parent-Infant Classes

The Dance with me in the Heart **Parent-Infant classes** have been successful in seeding the respectful approach inspired by Dr Emmi Pikler. They support and guide parents in partnering their infants in a more conscious way.

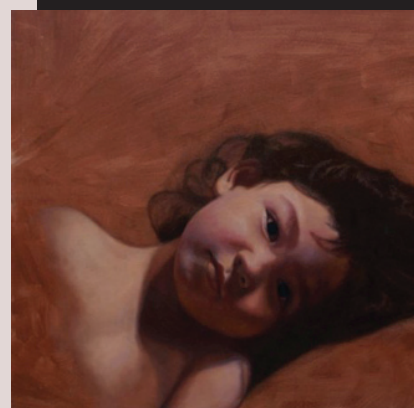

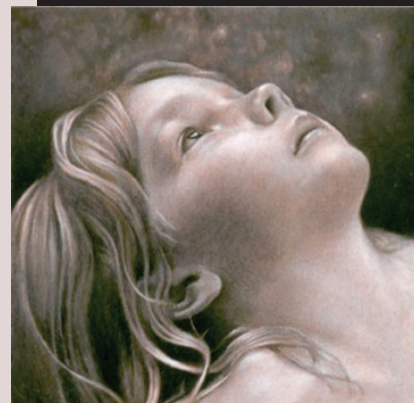

**Parent-toddler classes** focus on keeping that partnership intact while the toddler begins to unfold their autonomy. Toddlers are not 'terrible twos' at all, that is us calling them names because we have few skills to stay in partnership with a small child who is unfolding her personal power and her will. The course content is designed to support the parent in this more challenging partnership process.
